

Financing and consulting services

designed to protect your cash flow and help grow your business.

Commercial real estate

A higher percentage of financing

Secure long-term financing to purchase realty, build or expand existing facilities while preserving your working capital.

Equipment purchase

Up to 125% financing

Includes 100% of the cost of new or used equipment and the possibility of an additional 25% for related expenses such as transportation, installation and training.

Working capital solutions

To complement your existing line of credit

Flexible long-term financing to undertake projects such as boosting inventory for increased sales, technology development and exporting.

Business transition

To transfer or sell your business

Long-term financing and invaluable expertise to help ease the transition or sale of your business.

Consulting services

Affordable and tailored to your needs

BDC Consulting assists entrepreneurs in areas such as business planning and management, marketing, exporting, HR management, operational efficiency, R&D projects and business transition.

Why choose BDC

Unparalleled flexibility: Repayment terms are tailored to your business cycle and needs with longer amortization periods, seasonal or progressive repayment schedules and principal payment deferrals.

Peace of mind: We never take your personal assets as collateral.

Support in challenging times: Our loans are non-demand. BDC is there for you over the long term.

A “beyond the numbers” approach: We look at the whole of your business including management expertise, potential for growth and the viability of your project.

We take care of our clients: Our account managers invest the time needed to help you succeed by providing valuable information and sound advice.

BDC in a nutshell

BDC is a financial institution dedicated to supporting and developing small and medium-sized businesses through innovative financing and consulting solutions.
