

**The County of Brant is proud to announce that recycling will be even easier in the County beginning January 1, 2010.**

As of January 1, 2010, County of Brant residents will be able to put all of their acceptable blue box materials together loose, or co-mingled, into their blue box.

This means that you will **no longer** have to tie up your cardboard and box board, bundle or bag your paper, sort your containers, and crush your cans and bottles. This innovative change to curbside recycling is what is known as a single stream collection program, and is the first of it's kind in the area.

See the recycling page on our website at [www.brant.ca](http://www.brant.ca) for a list of do's and don'ts for preparing your blue box .
