

OFFICIAL PLAN REVIEW
GROWTH STRATEGY & DIRECTIONS

SCOPE OF THE MEETING:

Currently, the County of Brant is undertaking an Official Plan Review that will update and refine the policies and schedules of the existing Official Plan in keeping with new provincial policy initiatives. The review will also incorporate the findings of several on-going County studies and public input received. To date, the County has hosted two rounds of Public Consultation Sessions that provided opportunity for public input into the Official Plan process. Requests received from the public have been compiled and the consultant team has identified relevant issues which will be addressed through the next phase of policy review.

A special Planning Advisory Committee meeting has been scheduled to facilitate an opportunity for Council to provide input into the draft growth strategy suggested by the consultant team in an open forum. All interested stakeholders are invited to attend. The intention is to allow Council members to hear the presentation made at the latest round of public meetings and provide feedback and direction to the consultant.
