

A building permit for a deck is required when the deck is over 24 inches above grade at any point or if the deck has a roof structure.

Required approvals from other agencies:

In many instances before a building permit application can be processed and a permit issued, there are other approvals from other agencies that are required. These approvals are not administered by the Building Division. Please ensure all required approvals are complete using the applicable law checklist prior to applying for a building permit. These approvals are required as part of a complete building permit application package.

The following items are required for a deck permit. This checklist has been developed for conveniences purposes only. The property owner is responsible for ensuring compliance with all County of Brant By-laws, other applicable laws and the Ontario Building Code.

- Permit applications to be filled out and signed.
- Authorization form (if applicable)
- Schedule 1 – Designer Information form
 - Designer’s name and Building Code Identification Number (BCIN) must appear on all drawings submitted for application
 - Property owners, exempted from qualification, must fill-in the form to specify the reason for exemption
- Site plan, should include;
 - The address or roll number (beginning with 2920...) of the property
 - All property lines and surrounding streets labelled
 - Show and label all proposed and existing buildings or structures on the property
 - Proposed distance from all legal property lines (not street lines, sidewalks, etc.)
 - Location of septic system (if applicable) and provide distance to proposed building
- Complete set of construction drawings, drawn to scale (1:75 or 3/16”=1’) including:
 - **Floor plans** (incl. joist size and spacing, decking material, beam size and span, footing location and guard post spacing)
 - **Elevations** of the deck showing footing size and depth below grade, maximum height of deck above grade and height of guard
 - **Other details that may be required:**
 - Details of how the deck will be attached to the building and/or supported
 - Stair construction details including height and depth of stair treads and headroom above stairs
 - Details of railing system
 - Engineered product specifications and layouts
 - Cross section
 - Helical piles information

Grading review

To determine if a grading plan is or is not required for your building permit application, you can send your site plan along to the Grading Department at grading@brant.ca or contact them directly for additional information

Next steps:

- Submit the complete permit application and supporting documents to the Building Division either electronically by emailing building@brant.ca or hard copies can be dropped off at the Pairs Customer Service Office
- The application is reviewed for completeness, compliance with the zoning by-law, applicable laws, lot grading approval and the Ontario Building Code. Application review comments are provided during review to identify any outstanding requirements and to summarize permit fees.
- The permit is issued when all review is complete, and all fees are paid.
- Once the permit is issued, construction begins, and inspections are scheduled. Building inspectors review major phases of construction until occupancy and/or final is complete.
