

Water and sanitary sewer connection permits are required when a water or sanitary sewer service is constructed, repaired, or altered on private property.

What is the relationship between a Public Works - service connection permit and a building permit?

The Public Works Department administrate and issues a water and sanitary sewer connection permit, if any works are to be constructed in the municipal right away, including but not limited to connection to the water main or municipal sanitary sewer.

The Ontario Building Code regulates the installation and inspection of a water and/or sanitary sewer connection on private property.

Required approvals from other agencies:

In many instances before a building permit application can be processed and a permit issued, there are other approvals from other agencies that are required. These approvals are not administered by Building Division. Please ensure all required approvals are complete using the Applicable Law Checklist prior to applying for a building permit. These approvals are required as part of a complete permit application package.

The following items are required for a water and/or sewer connection permit. This checklist has been developed for convenience purposes only.

- Permit applications to be filled out and signed.
- Authorization form (if applicable)
- Plans and drawings
 - should illustrate the proposed services on the site plan, showing the approximate location of the connection to municipal services at the property line and the location of the connection at the house
 - Provide the total length of pipe to be installed and indicate the pipe material proposed for the new service
- Public Works permit may be required
 - Contact Public Works at publicworks@brant.ca for more information
 - Written approval from Public Works is required prior to the building permit being issued for a water and/or sewer connection

Next steps:

- Submit the complete permit application and supporting documents to the Building Division either electronically by emailing building@brant.ca or hard copies can be dropped off at the Pairs Customer Service Office
- The application is reviewed for completeness, compliance with the zoning by-law, applicable laws, and the Ontario Building Code. Application review comments are provided during review to identify any outstanding requirements and to summarize permit fees. Incomplete permit applications may delay permit processing time. Incomplete permit applications may delay permit processing time.
- The permit is issued when all review is complete, and all fees are paid.
 - Once the permit is issued, construction begins, and inspections are scheduled. Building inspectors review major phases of construction until occupancy and/or final is complete.
