

## Notice of Public Information Centre (PIC) # 2

### Grand River Street North Corridor

### Municipal Class Environmental Assessment Study

#### Introduction

The County of Brant is proceeding with a Municipal Class Environmental Assessment (Class EA) to consider improvements to Grand River Street North between Watts Pond Road and William Street and along Paris Links Road. The Study will include a review of existing traffic, planned development growth, safety, natural heritage and environmental considerations. The goal is to effectively accommodate all road users including residents, visitors, institutions and businesses.

#### Study Process

The Grand River Street North Class EA is being conducted as a Schedule 'C' project under the *Municipal Class Environmental Assessment* (2007), as amended in 2015. The Study will complete all necessary phases of the Municipal Class EA to receive environmental clearance for construction.

#### Public Consultation

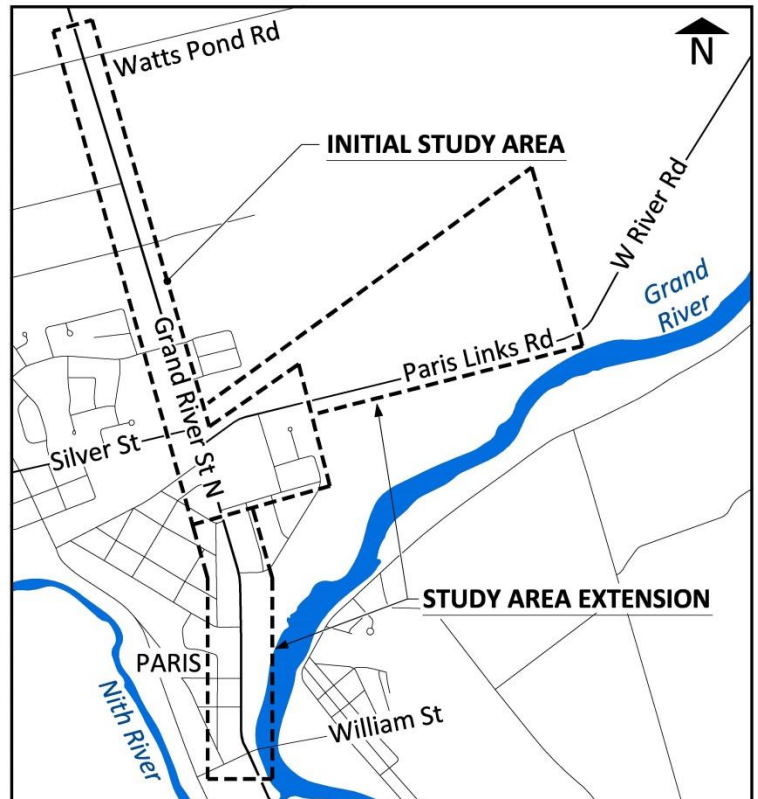

The County wishes to ensure that anyone interested in this Study has the opportunity to be involved and provide input. Three meetings (Public Information Centres) are being held to provide information and receive feedback from the public and stakeholders. At this open house style meeting, the County will present the background information, improvement alternatives, and technically preferred improvements to receive public comments before the recommendations are finalized. Information on the project to date is available on the County of Brant website.

The second Public Information Centre is scheduled for:

**Date:** Thursday, May 9, 2019

**Time:** 5:00 to 8:00 pm, Presentation at 6:30 pm

**Location:** Exhibition Centre, Paris Fair Grounds, 139 Silver Street, Paris

There is an opportunity at any time during the Class EA process for interested persons to provide comments. All information will be collected in accordance with the *Freedom of Information and Protection of Privacy Act* (2009). With the exception of personal information, all comments will become part of the public record. Persons will be advised of future communication opportunities. Notices and updates will be posted on the County of Brant's website, [www.brant.ca](http://www.brant.ca)

For more information, or if you wish to be placed on the Study's mailing list, please contact the EA Project Manager:
