

## Notice of Commencement and Notice of Public Information Centre No.1 Class Environmental Assessments for St. George Water and Wastewater Servicing

The community of St. George in the County of Brant is currently serviced by a municipal groundwater supply system and a wastewater treatment plant. Upgrades to these services are required to provide security of water supply, and to provide capacity for proposed development in the settlement area. To plan for the water and wastewater servicing upgrades, the County is initiating two separate, concurrent Class Environmental Assessment (Class EA) studies, for water supply and wastewater treatment, respectively.

**The Process:** The Class EA studies will be carried out in accordance with the requirements of Schedule C projects of the *Municipal Class Environmental Assessment* document (Municipal Engineers Association, October 2000 as amended in 2007 & 2011). The studies will identify and evaluate alternative servicing approaches. The preferred servicing approaches will be selected to minimize technical, community, natural environmental and economic impacts.

**Public Information Centre:** Members of the public and review agencies are encouraged to provide input on the studies. An initial

Public Information Centre (PIC) will be held to present information on Class EA background and activities and provide opportunity for feedback to the project team.

The County of Brant will publish invitation notices to all public meetings in local newspapers, on the County's website [www.brant.ca/notices/](http://www.brant.ca/notices/) and distribute to all individuals who express an interest in the projects.

**Date:** Thursday, May 1, 2014  
**Time:** 4:30 p.m. – 7:30 p.m.  
**Location:** South Dumfries Community Centre  
 7 Gaukel Drive, St. George, ON N0E 1N0

**Contact Us:** If you are unable to attend, we would still like to hear from you. Please contact either of the project team members below if you have questions or comments, wish to obtain more information on the project, or would like to be included on the Project Contact List:
