

Plan of Condominium - Instructions for Consultation and Processing

County Of Brant - Planning Division of the Community and Development Services Department
66 Grand River Street N., Paris, ON, N3L 2M2 Telephone: (519) 442-6324 Fax: (519) 442-3461

1. This process pertains to the draft plan of condominium applications:
 - "Plan of Condominium";
 - "Major Redline Amendments to Draft Approved Plans of Condominium".
2. There are different fees for each type of application (See County Fee Schedule).
3. Other related applications can be processed concurrently and within the process for plans of condominium.
4. See other types of application forms and process if related application forms are not filed concurrently.
5. Detach and retain this page for future reference.

	STEPS IN THE CONSULTATION PROCESS
Step 1	As per Section 8 and Section 9 of the Condominium Act, applicants are encouraged to meet with the County's Planning Division member prior to submitting an application.
Step 2	Three copies of the Application Form (in draft), preliminary technical studies and three (3) preliminary engineering reports, as well as five (5) full size copies of the draft site plan or concept of the lots to be created, are submitted to the Planning Division by the last working day of the month for consideration at the following month's Technical Advisory Group Meeting.
Step 3	A Formal Pre-consultation Meeting, chaired by the Chief Planning Official and a member of Public Works, will be scheduled, as time permits, within four weeks. The purpose of the meeting is to: <ol style="list-style-type: none"> i) Review application and information submitted; ii) Identify key Departmental and Agency issues in processing; iii) Identify any concurrent applications required; iv) Identify matters of Provincial or Municipal Interest (see Pg. 2 & Pg. 3); v) Identify any additional plans, reports and/or studies required to be completed prior to acceptance of an application; and, vi) Identify staff contact assigned to the file.
Step 4	Formal Submission - the required information and complete draft plans as per the Complete Application Process noted in the next section (also see mapping requirements on Pages 11 & 12). County staff will identify whether any additional information or technical reports that are to be submitted along with the application and required information.
Step 5	Application is deemed complete and accepted within 30 days; meeting date is determined.
Step 6	Application circulated to Public, Agencies and Departments.
Step 7	Sixty (60) Day Status letter sent to Applicant/Owner/Agent.
Step 8	Post Circulation Meeting with the County staff and Applicant/consultants <ul style="list-style-type: none"> ➤ To discuss agency or public issues raised during circulation ➤ Review conditions of draft approval ➤ Review municipal requirements for inclusion in the condominium agreement.
Step 9	Finalize Planning Report.
Step 10	Public Meeting of Planning Advisory Committee/Recommendation to Council.
Step 11	Decision of Council, as Approval Authority.
Step 12	Draft approval by Council, as Approval Authority.
Step 13	Notice of draft approval circulated (within 15 days of Council decision).
Step 14	Appeal Period (20 days following the Date of Notice).

Application complete - 30 days. (180 Day - Decision Date: _____)

Application incomplete (missing information: _____)

Submission of a Complete Application

A “*Complete Application*” is required for applying for approval under the Planning Act.

A “COMPLETE APPLICATION” includes the information listed below.	
<p>If this information, which is needed to review the application, is not submitted with the application form, <i>it will delay the acceptance of the application. The application will be returned to the applicant for completion of the required information.</i></p> <p>Please provide:</p>	
<input type="checkbox"/>	1 original and 10 copies of the completed application form and declarations;
<input type="checkbox"/>	1 original and 25 copies of the draft plan on 11” by 17” reduction;
<input type="checkbox"/>	25 copies, (folded 8” by 14” size) , of the draft plan completed as required under Section 51(17) of the Planning Act and Ontario Regulations 259/00 & 544/06;
<input type="checkbox"/>	1 original and 25 copies of the draft plan on 11” by 17” reduction;
<input type="checkbox"/>	1 original and 25 copies of the draft plan on 11” by 17” reduction with the requested zoning plotted on the face of the draft plan;
<input type="checkbox"/>	Application Fee(s) made payable to the County of Brant;
<input type="checkbox"/>	<p>A 3.5 inch floppy diskette, a "CD" or an electronic file containing the plan of condominium in AutoCAD native format (.dwg) stored as a single file, with all of the classes of features (e.g. Lot lines, Lot numbers, curve schedule(s), Street names, etc.) separated into different layers.</p> <p><i>The file must be tied to the County’s geographic NAD83 UTM horizontal control.</i></p>
<input type="checkbox"/>	Letter of Authorization if the owner is not the applicant and/or the owner has not signed the face of the draft plan;
<input type="checkbox"/>	Required studies identified at Pre-consultation;
<input type="checkbox"/>	<p>10 copies of each report and study. Please list reports and studies submitted below.</p> <hr/> <hr/> <hr/> <hr/> <hr/>

Map Requirements as per the Planning Act and related Ontario Regulations

Attach 25 copies of a draft plan of condominium showing the following:

1. the boundaries of the condominium certified by an Ontario Land Surveyor
2. Ontario land surveyor's name, signature and date of signature
3. map scale (all measurements, scales, etc. in metric)
4. legend
5. north marker
6. name of person or firm who prepared the plan
7. date plan prepared and dates of any revisions
8. dimensions and layout of the proposed roads, lots and blocks, including walkways, school sites and park blocks, if any
9. on a key map on the draft plan of condominium
 - all adjacent land owned by the applicant or in which applicant has an interest
 - all subdivisions/condominiums adjacent to the proposed condominium
 - boundaries of the proposed condominium and boundaries of the township lots or original grants that include any part of the proposal
10. proposed use, including maximum number of units by type, for each lot and block
11. existing land use on the site and on adjacent lands
12. natural and artificial features within or adjacent to the property
 - existing buildings and structures to be retained or demolished
 - active or inactive railways, rail rights-of-way
 - highways and other roads - existing, public/private, open/closed location, width, and proposed generic street labels (i.e. Street A, Street B) with a separate list of proposed street names
 - watercourses (lakes, streams, ponds, wetlands, etc.)
 - flood plains/flood elevations, flood lines, fill lines, top of slope lines, woodland
 - significant plant and wildlife habitat (including ESA's & ANSI's)
 - drainage courses, retention ponds (natural or man-made)
 - archaeological or historic features
13. existing services (where information is available from the municipality or agency)
 - waterlines and sewer mains
 - hydro lines
14. soil type (including porosity)
15. contours and elevations
16. domestic water supply (if not municipal water)
17. restrictive covenants and easements affecting the site
18. lot and concession/registered plan number/street address
19. also attach one copy of the plan reduced to 21x28cm (8½X14")
20. owner's name(s), signature and date of signature or Authorized Individual - (See below for acceptable wording)
21. If the Owner(s) does not sign the face of the draft plan, the following statement should be included within the title block of the plan

I, (we) _____, am authorized to submit this draft plan of condominium on

behalf of the owner, _____
(Name or Company Name)

(Signature Line)

(Name of Authorized Agent - Printed)

Note: All registered owners must sign. If there is more than one owner, a letter of authorization is necessary allowing one person to act on behalf of the others if all owners do not sign the plan. If any registered owner fails to sign or provide authorization, the application will be considered incomplete and will be returned.

Identification of Provincial and Municipal Plan Review Issues

Pursuant to Section 51(18) of the Planning Act, Council may require other information and materials to assist in its Plan Review Function and the expeditious review of this application. Complete the following to assist the County in performing a complete review of the proposal. If an entry is made, an assessment of the proposal's sensitivity to the identified feature is required.

<i>Land Use or Feature</i>	<i>Subject Lands</i>	<i>Within Specified Distance</i>
1. Active or Former Landfill Site	<input type="checkbox"/> yes <input type="checkbox"/> no	500 metres <input type="checkbox"/> yes <input type="checkbox"/> no
2. Sewage Treatment Plant	<input type="checkbox"/> yes <input type="checkbox"/> no	150 metres <input type="checkbox"/> yes <input type="checkbox"/> no
3. Sewage Lagoon / Pond	<input type="checkbox"/> yes <input type="checkbox"/> no	400 metres <input type="checkbox"/> yes <input type="checkbox"/> no
4. Storm Water Management Facility	<input type="checkbox"/> yes <input type="checkbox"/> no	15 metres <input type="checkbox"/> yes <input type="checkbox"/> no
5. Airport with NEF above 25	<input type="checkbox"/> yes <input type="checkbox"/> no	Adjacent to <input type="checkbox"/> yes <input type="checkbox"/> no
6. Active Rail Line	<input type="checkbox"/> yes <input type="checkbox"/> no	100 metres <input type="checkbox"/> yes <input type="checkbox"/> no
7. Rail Marshalling Yard	<input type="checkbox"/> yes <input type="checkbox"/> no	300 metres <input type="checkbox"/> yes <input type="checkbox"/> no

- (10) Detailed description of the proposed land use if it is a land use other than residential, institutional or other use identified in Entry No. 5 through Entry No. 9 _____

- (11) a. Official Plan designation(s) of the subject lands: _____

- b. Current Zoning of the subject lands: _____

- (12) List all other planning application(s) relevant to the subject lands _____

- (13) If yes to Entry No. 12, list their File No.(s) _____

 and the application's status (i.e. in review, approved) _____

- (14) Access to subject lands:
- Provincial Highway _____ Municipal Road _____
- Right-of-Way _____ Private Lane _____
- Water Access _____
- (15) If the plan would permit development of more than five lots or units or where the development is proposed within 30 metres of a collector/arterial road and/or highway, has the following report been submitted with the Plan:
- (a) a traffic impact statement/study
 Date/Author of the Report _____
- (16) If access is via a water access, describe the nature and location of:
 on-shore parking _____, docking facilities _____
 and distance to the public roadway _____
- (17) Type of proposed Water Service:
- publicly owned and operated piped water system
- privately owned and operated individual or communal well
- lake or other water body
- other _____

(18) If the plan would permit development on a publicly owned and operated piped water system, have the following reports been submitted with the Plan:

(a) a functional servicing report
Date/Author of the Report _____; and

(b) a water distribution system analysis report
Date/Author of the Report _____.

(19) If the plan would permit development of more than five lots or units on privately owned and operated individual or communal wells, have the following reports been submitted with the Plan:

(a) a servicing options report
Date/Author of the Report _____; and

(b) a hydrogeological report
Date/Author of the Report _____.

(20) Type of proposed Sewage Disposal System:

publicly owned and operated sanitary sewage system

privately owned and operated individual or communal septic system

other _____.

(21) If the plan would permit development on a publicly owned and operated sanitary sewage system, have the following reports been submitted with the Plan:

(a) a functional servicing report
Date/Author of the Report _____.

(22) the plan would permit development of five or more lots or units on privately owned and operated individual or communal septic systems, have the following reports been submitted with the Plan:

(a) a servicing options report: Date/Author _____; and

(b) a hydrogeological report: Date/Author _____.

(23) If the plan would permit development of fewer than five lots or units on privately owned and operated individual or communal septic systems, and more than 4500 litres of effluent would be produced per day as a result of the development being completed, have the following reports been submitted with the Plan:

(a) a servicing options report: Date/Author _____; and

(b) a hydrogeological report: Date/Author _____.

(24) If the plan would permit development of fewer than five lots or units on privately owned and operated individual or communal septic systems, and 4500 litres of effluent or less would be produced per day as a result of the development being completed, has the following report been submitted with the Plan:

a hydrogeological report: Date/Author _____.

(25) Has an Archaeological Potential Report stating whether the subject land contains any areas of archaeological potential been submitted with the Plan:

Date/Author of the Report _____.

(26) If the plan would permit development on land that contains known archaeological resources or areas of archaeological potential as per the Report identified in (22), have the following reports been submitted with the Plan:

(a) an archaeological assessment prepared by a person who holds a licence that is effective with respect to the subject land, issued under Part VI (Conservation of Resources of Archaeological Value) of the *Ontario Heritage Act*; and
Date/Author: _____.

(b) a conservation plan for any archaeological resources identified in the assessment.
Date/Author: _____.

(27) Type of proposed Storm Water Drainage System:

municipal sewer municipal ditch overland swale infiltration gallery

dry well (describe) _____

drainage easement (describe) _____

other (describe) _____.

(28) If the plan proposes the development of a new stormwater facility or proposes that stormwater will be conveyed to a publicly owned and operated stormwater system and/or over adjoining private property, have the following reports been submitted with the Plan:

(a) a stormwater management report
Date/Author of the Report _____; and

(b) confirmation of legal outlet
Date/Author of the Confirmation/Agreement _____

(29) If a concurrent Application for Plan of Subdivision and/or Site Plan is being processed and/or proposed, please provide documentation on the following:

❖ site plan (copy/status) _____; and

❖ site plan agreement (copy/status) _____;

❖ building permit (copy/status) _____;

❖ construction status _____;

❖ completion status _____;

❖ conversion status, if building is a rental _____; and

❖ no. of units to be converted _____;

❖ no. of rental units to be remain _____;

❖ Engineer's report on compliance with the building and fire codes _____;

❖ Rental Vacancy Assessment and Tenant Accommodation Plan _____.

(30) Has a planning report been submitted as to whether the Plan is consistent with policy statements issued under subsection 3 (1) of the Planning Act.

Date/Author of the Report _____.

(31) Indicate whether the subject land is within an area of land designated under any provincial plan or plans. If so, has a planning report been submitted as to whether the Plan conforms to or does not conflict with the applicable provincial plan or plans.

Date/Author of the Report _____.

(32) Written authorization from the owner has been provided if the applicant is not the owner.

yes or no.

(33) An affidavit or sworn declaration, that the above described Prescribed Information is complete and true, has been provided.

(34) I/we hereby authorize representatives of the County of Brant and those persons identified under the Planning act R.S.O., 1990 c. P13 to enter upon or above the subject lands to this application for the purpose of conducting any site inspections and take pictures/video as may be necessary for the evaluation of this application.

yes or no.

Preliminary Engineering Information at Pre-consultation

If County services are proposed or existing, please submit a basic Functional Engineering and Servicing Report (3 copies), consistent with the County's Development and Engineering Standards, with the necessary explanatory drawings which indicate the proposed or existing overall servicing scheme for the development and which covers, if necessary, the following points:

1. Sanitary Sewers

- a. Indicate location of existing sewers on/or adjacent to the proposed site to which the development is expected to be connected.
- b. What will be the influence on trunk and semi-trunk mains in the area?
- c. Will existing installations have to be adjusted or relocated to serve the proposed development?
- d. If lands beyond the proposed development are to be serviced through this development, indicate what suitable arrangements are required to service the development.

2. Watermains

- a. Indicate location and size of existing watermains on/or adjacent to the proposed development.
- b. If development presents a major increase in demand, what effect is anticipated on the existing serviced area?
- c. If lands beyond the proposed development are to be serviced through this development, suitable arrangements are to be indicated.
- d. Will existing installations have to be adjusted or relocated to serve the proposed development?
- e. Identify the pressure zone(s) within which the proposed development lies.
- f. It is a requirement for the developer's engineer to indicate the existing level of fire protection adjacent to the proposed development and expected level of fire protection to the proposed development, (i.e. static and residual pressures and expected flows).

3. Storm Sewers

- a.
 - i) Indicate quantity and direction of drainage;
 - ii) For open ditches, indicate culverts, their size and the ditch inverts;
- b. Show all topography within 60 metres (200 feet) radius of the proposed streets intersecting with a Collector or Arterial Road.

4. Stormwater Management

- a. Subwatershed Plan / Master Drainage Plan referenced for guidance
- b. Indicate:
 - i) run-off coefficients used;
 - ii) preliminary storage calculations;
 - iii) estimated required area needed for any facility and contingency factor used.
- c. Proposed location and preliminary conceptual design of any on site facility.
- d. Outlet location and condition.
- e. Proposed overland flow routes to the receiving stream and/or body of water.

5. Transportation

- a. Indicate:
 - (i) existing conditions;
 - (ii) identify known deficiencies.

NOTE: For further information on this requirement, please contact the County of Brant Public Works Department at 519-449-2451.

Processing Schedule for Applications

1. Date Complete Application accepted _____

2. Estimated time for public circulation and report to Planning Advisory Committee.

_____.

3. Notes on Processing:
Explanation of any delays in Processing

_____.

- # Requests by Applicant to Delay Processing

_____.

4. Date of Planning Advisory Committee Meeting

_____.

5. Referred back to Administration
Key Issues

_____.

- # Estimated time for application to be back to Planning Advisory Committee

_____.

6. Date of Final Approval or Refusal _____

_____.

Grand River Conservation Authority (GRCA) Planning Fees
County of Brant Fact Sheet

Contact Information

Any questions regarding GRCA fees should be directed to the GRCA, **Resource Planning Section** at **(519) 621-2761**. The GRCA will respond to inquiries regarding the fee, and can provide advice on proposals being considered.

Background Information

The Province of Ontario has encouraged conservation authorities to make programs and services more self-sufficient by applying the user-pay principle. The Grand River Conservation Authority is one of the last Conservation Authorities in Ontario to charge plan review fees.

Service fees will allow the Conservation Authority to improve the efficiency and effectiveness of the delivery of our service. A user fee principle will ensure that the individual using the service is the person paying for the service. This will ensure that the broader tax base does not incur an increase in their taxes to cover these costs. The GRCA will continue to provide Plan Input services to our municipal partners to implement the objectives of watershed planning.

The major & minor fees have been established in order to provide fair cost for the review time for complex applications vs. applications with minimal impact on the environment.

Authority to charge fees

The Province has amended the Conservation Authorities Act to give a conservation authority power to “charge fees for services approved by the Minister” (Section 21.m.1) The Ministry of Natural Resources Policies and Procedures for the Charging of Conservation Authority Fees identifies “Plan Review” as an approved service for charging fees.

Process

When a landowner discusses or submits a Planning Act application, municipal staff will screen the application to determine whether it is within an area of interest to the conservation authority. If the site or land holdings are within an area of concern to the conservation authority it is suggested that the GRCA participate in a pre-consultation discussion and/or meeting with the applicant and the municipality before the application is formally submitted.

Implementation Date

The Grand River Conservation Authority Planning Fees have been implemented for the County of Brant. Payment of fees should accompany the application when submitted to the County if the application falls within an area of interest of the Conservation Authority.
