Apps Mill	308 Robinson Rd., Brantford	
Plant a tree		
New forest in the city tour	Take a tour of the Brant Tree Coalition, a rehabilitation project in the industrial area that has walking trails, lots of wildlife, bird houses and more!	
Go stargazing	Go outside on a clear night and see what constellations you can find! Visit the Paris Public Library to rent out a telescope!	Download a star constellation App for extra help finding stars, constellations and more.
Rock painting	Go out in nature and find your very own rock canvas. Bring it home and design anyway you like!	
Flower crown	Go foraging for a variety of flowers and plants with long stems. Braid the stems into a circular shape that will fit your head.	
Learn about Brantford's native species and plants	Visit one of the many trails in Brantford and Brant County and learn about the animals and plants native to each area by reading the public plaques and information boards.	
Fly a kite	Use a kite you already have or make your own using household materials. Take your kite out to test how high you can fly!	
Flashlight hide-and-peek	Wait until dusk and then collect your bubble and go outside to play flashlight hide-and-peek.	
Homemade Bird Feeders	You will need a pinecone, birdseed and some form of nut butter. Roll the pinecone in the nut butter and then in the birdseed. Tie a small piece of string to the pinecone and hang it from a tree.	Pay attention to the birds that are visiting and see if you can identify them.
Backyard camping	Build a tent in your backyard. Gather your bubble and spend time playing games, telling stories and snacking! Go for a walk and flip a coin at every intersection to decide what way to go.	
Heads or tails road trip	Go for a walk and flip a coin at every intersection to decide what way to go.	
Sundials	Sundials have been used in every major culture. Learn about sundials and their importance throughout history. Make a sundial using items around your house and then test your creation to see how accurate it is.
