

Snow Buddies Program

Dear Friend,

Welcome and thank you for your interest in the Snow Buddies Program!

Included in this package is:

Price Guideline Information

Specific information to help you and your Buddy negotiate a **fair price for the service**.

1. How can I request a VOLUNTEER Buddy?

Please indicate on your registration form if you require a volunteer. *Please be aware that in the past, we have had very few Buddies who were working towards their high school volunteer hours, and that the majority of Buddies are elementary school students who are looking for their first job experience.*

2. Am I guaranteed a Buddy?

No. Although we will try to successfully match as many Seniors/Adults with Buddies, there will still be those who do not get paired. This may be because there are no youths registered in your neighbourhood.

3. What can I do if I am unhappy with my Buddy?

Please call 519.442.1818 as soon as you encounter any problems and we will try and resolve them.

4. May I request an older Buddy?

Yes you may, and we will do our best to find you an older student or adult. However, we must stress that the **majority of our registrants are 12-14 years of age**.

5. Will the Buddy be available during the day?

Since most of the youth will be in school, many will only be available after 4 pm on weekdays.

Please call 519.442-1818 or email: recservices@brant.ca for any other information.
Messages are checked daily, Monday to Friday.
