

- You're Invited to the Water Meter Open House -

August 13, 2019

Dear Paris Homeowners and Business Owners,

You have recently received a letter introducing the water meter change-out program. There was an open house on August 7, 2019 and unfortunately, many of you received the notice after the meeting. Due to this issue, the County of Brant is hosting a second Open House to meet with you and answer questions as follows:

Date: Wednesday, September 11, 2019

Times: 3:00 to 5:00 pm and 6:00 to 7:30 pm

Location: Lafarge Room, Brant Sports Complex, 944 Powerline Rd, Paris, ON

Please drop in at your convenience.

The new water meters will be installed in every home and business in the community of Paris. If your water meter is newer than 2009, the contractor will still need to visit your address to install the new meter reading technology. For more information about the new water meters, visit www.brant.ca/watermeters.

You will also be receiving communications from our contractor, Neptune Technology Group, in the near future outlining the procedure to schedule an appointment to have this work completed.

We sincerely apologize for any confusion this may have caused. We hope you will join us at the Open House to learn more.

Sincerely,

Clint Brown
