
Disc Golf Course Guidelines

Issued: May 20, 2020

Dwayne Bereziuk Memorial Disc Golf Course Green Lane Sports Park – 8 Green Lane, Paris

Physical Distancing:

- Upon arrival at the park, players should not congregate in any area including parking lots, washrooms or at the first tee.
- All players must practice physical distancing by staying a minimum of 2 metres away from others at all times. This does not apply to players from the same household.

Cleanliness & Hygiene Strategies:

The virus responsible for COVID-19 can be transmitted when individuals touch surfaces with the virus and then proceed to touch their eyes, noses and/or mouths. Accordingly, the virus may be spread by sharing and touching course equipment and park amenities. Use the above at your own risk. Players are urged to take the following extra precautions before, during and after their time at the park:

- Use hand sanitizer before and during play
- Players are encouraged to thoroughly wash their hands and bring plenty of hand sanitizer with them to sterilize their hands often during their visit. Players should avoid touching their faces
- Players are reminded to be vigilant about coughing or sneezing into a tissue or into the crook of their elbow. Players should immediately dispose of any used tissue in receptacles and wash their hands (or use sanitizer if soap and water is not readily available)
- Note - ground surfaces will not be sanitized or disinfected
- Upon returning home, it is recommended that players sanitize the bottom of their shoes (prior to entering the home) and then wash their hands
- Players must refrain from attending the park and stay home if they:
 - are not feeling well or are exhibiting flu-like symptoms, or any known coronavirus symptoms, (incl. fever, cough, difficulty breathing, etc.)
 - have been in contact with someone with COVID-19 and/or flu-like symptoms in the previous 14 days
 - have returned to Canada from abroad in the previous 14 days
 - are considered vulnerable or at risk and/or individuals suffering from serious health problems

Course Protocols:

- In order to ensure physical distancing requirements are met, **groups should be limited to four players per tee time**. This does not apply to groups made up entirely of players from the same household. No more than 6 members from the same household should play from a tee.
- Players should ensure the tee time interval is 15 minutes between groups or individuals **from the tee pad**. Hold back for 15 minutes until the hole is clear before proceeding.
- Players are encouraged to use their own smart phone for scoring. If using paper scorecards, the players in a group should agree on a single person to keep score to prevent the passing of a scorecard from player to player.
- Participants should not touch discs, bags, carts, or any other property belonging to another participant.
- When players search for lost discs, physical distancing must be practiced at all times
- Avoid handshakes and high fives with the people you're playing with
- The County of Brant assumes no responsibility for any injuries or damage that might occur during the use of the park. **USE AT YOUR OWN RISK!** Please take extra caution since this is a natural park with trees, branches, rocks and uneven terrain
- Players should leave the course immediately after playing to eliminate congestion/ gathering on the property or in the parking lot.

Visit www.brant.ca/DiscGolf for more course information.

Equipment Best Practices:

- Players should consider placing unique marks on both the top and the bottom of their discs, thereby helping to identify the owner of a disc without the need for someone to touch it to flip it over.
- Players should clear their disc from the target/basket before another player putts out. A player should not putt into the target/basket that already has another disc within it.
- Players should carefully remove their disc from a target and avoid touching any surface of the target while doing so.
- Once a disc has contacted a target/basket, players should consider sanitizing their disc prior to subsequent use or placing it into their bag. The process of sanitizing equipment by a player must be done in a timely manner and not violate normal excessive time requirements

**Please report any facility problems to: parksandrec@brant.ca
or call 519-44-BRANT (519-442-7268)**

For the following concerns, please email COVID-19@brant.ca or call 519.761.8391

- Suspected breach of quarantine or self-isolation
- Groups of more than five people congregating
- Those not practicing social distancing
