

CONSOLIDATED POLICY MANUAL

DVS-2005-03

STREET NAMING POLICY

(approved: 07/19/2005; amended 01/24/2006 & 12/19/2006)

1. That a Street Naming Policy be established to provide that a minimum of 75% of the street names in new plans of subdivisions be names of war veterans who gave their lives in service of their Country
2. That when the names of war veterans who gave their lives in the service of their Country are nearing depletion as street names, staff report on alternate sources of street names.
3. That street name signs for streets named after a veteran include the standard symbol of a poppy.
4. That Council authorize the placement of a poppy on existing street signs in the County to recognize those members of the Armed Services who died in the service of their country.
5. That Council confirm the requirement that 75% of the names of new streets are to be named first after Armed Services personnel that gave their lives in the service of their country.
6. That when the family name of a surviving member of the Armed Services is being considered, the choice of which name is to be used be done on a random basis, provided that the names selected are not duplicates of an existing street in the County or the City of Brantford and names selected are from the general geographic area where the street is located, and provided that the necessary research has been completed to ensure that the veteran's name is being used appropriately.
7. That staff be requested to seek names of all veterans that served in the Canadian military from the respective legions or other recognized groups and establish such a list with the understanding that no veteran's name will be assigned without first exhausting the names of those killed in action.
