Coming Together for Cainsville.

Welcome to your new Cainsville Community Centre – a place that cultivates the spirit of community. It is a place to gather, make memories, share stories and play together.

“Belonging is incredibly important to our overall wellbeing. It is a fundamental human need. As our world shifts, it is time to come back together and share precious events like weddings and family gatherings and participate in our favourite social club activities. We’re better together.”

~ Mayor David Bailey
